STATE LIBRARY

Mr. Barratt Wilkins
State Librarian

Ms. Loretta L. Flowers
Federal Projects Coordinator

This council advised on the administration of the Library Services and Construction Act.

PREFACE

This edition of the Florida Library Directory contains statistical data for FY 1984-85. It includes address listings as supplied by public, academic, institution, and special libraries, and by district school media centers. A name index is included in the back. The computerization of the statistical data and address listings for the production of this year's Directory was done by E. Walter Terrie of the Florida State University Center for Population Studies, who was assisted by Danny McDaniels.

Statistical information was compiled from the annual reports submitted by cooperating public and institution libraries. The information reported generally follows the categories established by the National Center for Education Statistics (NCES). Public libraries used a form devised by the State Library which incorporates the Library General Information Survey (LIBGIS) form, and the annual Florida supplement. The state of Florida is one of the states participating in the pilot project for the coopertive system for Public Library Data Collection sponsored by the Office for Research, American Library Association. The survey reflects participation in this project.

In using the data, it should be noted that population figures are from the Florida Estimates of Population, University of Florida, as of April 1985, and refer to permanent resident population only. Total population served by public libraries as reported in statistical tables 1,6, and 7 adds to more than the total population of Florida. This is because some municipal libraries and county libraries serve the same population group.

The SUNCOM Network is in the process of being upgraded. If the SUNCOM number listed is incorrect call SUNCOM information at 278-1234 for the correct listing.

Appreciation is expressed to all of the State Library staff who helped with the compilation of the Directory and especially to Virginia Grigg, Helen Moeller, Cynthia LaFollette, Elizabeth Curry, Gwen Payne, Kathleen Mayo, Edith Paschall, Betty Ann Scott, Susan Whittle, Loretta Flowers, Bill Paplinski, and Bette Scaringe. Also to Sandra Ulm of the Florida Department of Education who edited the school media center section.

A special note of appreciation is due to the librarians of Florida whose cooperation makes this publication possible.

-- Laura James Hodges
-- E. Walter Terrie

Public Library Statistics

STATISTICAL ANALYSIS FOR PUBLIC LIBRARIES
1984-1985

Data is compiled from annual survey forms distributed to public libraries in May 1986. Except in cases of obvious inconsistencies where changes were made in consultation with the libraries concerned, the information is published as submitted.

The survey requests information which is not reported in the Tables. This information is also compiled and kept on file at the State Library. Librarians may request information from these files at any time during the year.

Florida public libraries circulated 40,882,840 items to 3,036,613 registered borrowers through 984 service outlets.

Florida public libraries have 734 librarians who have earned a master's degree in library science. Additional staff total 2,417 and there are 436 regularly scheduled volunteers. All numbers for staff are expressed in full-time equivalents.

The libraries offered 14,950,619 books plus 3,009,490 volumes of other types of materials to 11,614,513 residents, or 1.55 volumes per capita. Because some residents are served by more than one library, the number of residents served exceeds the population of Florida. This does not mean that every resident of Florida receives free library service. (See Status of Library Development 1986, page 169). Circulation per capita was 3.52. The figures for FY 1984 were 1.48 volumes per capita and 3.47 volumes per capita circulated. Approximately 6,620,272 reference questions were asked. This represents .57 questions per capita, and each book circulated an average of 2.28 times during the year.

Revenue for FY 85 totaled $101,606,297 and was received from four main sources: Local (municipal and/or county governments), 84%; State of Florida, 6%; Federal government, 2%; and other, 8%. This is equivalent to percentages reported for spending in FY 1984.

The libraries reported a total operating expenditure of $94,810,747 which equaled $8.16 per capita. In FY 1984, the figure equaled $7.58 per capita, and in FY 83, $6.93 per capita.

Population projections were taken from Florida Estimates of Population, April 1, 1985, State, Counties, and Municipalities (prepared by the Population Program, Bureau of Economic and Business Research, University of Florida, April, 1986). When the group that receives free library service did not correspond to county or city boundaries, we used figures provided by the library. These exceptions are noted in the footnotes in Table 1.

POPULATION SERVED

(Footnotes to Table 1, Column 4)

1. Orange County Library District is for Orange and Osceola counties minus Maitland and Winter Park.

2. Miami-Dade population was computed by subtracting from the 1984 Dade County figure the population figures for: Hialeah, North Miami, Miami Beach, North Miami Beach, Surfside, Bal Harbour, Bay Harbour Islands, and Opa-Locka.

3. Surf-Bal-Bay serves the population of Surfside, Bal Harbour, and Bay Harbour Islands.
